# Know the Process

# Your Device Determines Your Process

## Windows Tablet

- Full Revu Features
- Custom Tools
- Capture Photos

## iPad

- Standard Tools
- Images on Document

## Android

- Basic Tools
- Images on Phone
- Studio Sessions

# Site Observation in Bluebeam

# Things to Think About

- How can I standardize this process for my team?
- What device will you use in the field?
- What information do I want to consistently capture?
- How do I want to report on this information?

# Questions?
